

3RD ANNUAL

National Health & Innovation Precincts Summit

2 Dec 2024 | Gold Coast Health & Knowledge Precinct (Discovery Day)

3 - 4 Dec 2024 | QT Gold Coast (Conference)

MARKET LEADING SPEAKERS:

Ron Calvert, *Chief Executive, Gold Coast Hospitals and Health Service*

Professor Carolyn Evans, *Vice Chancellor and President, Griffith University*

Prof Scott Bell, *Chief Executive Officer, Translational Research Institute*

Steve Burnell, *Managing Director, Tenmile*

Mark Middleton OAM, *Group CEO, Icon Cancer Centre*

Diane Dixon, *State Project Lead Lot Fourteen, State Innovation Places Lead, Department of the Premier and Cabinet, Government of South Australia*

Jeff McAlister, *Chief Investment Officer, City of Gold Coast*

Lea Diffey, *Deputy Director-General, Innovation, Department of Environment, Science and Innovation, Queensland Government*

Dr Daniel Timms PhD, *Founder & Chief Technical Officer, BiVACOR*

Ingrid Marsh, *Group Executive- Commercial, Cicada Innovations*

Tim Hoffmann, *Director Redevelopment, Sydney Children's Hospitals Network*

Teena Pisarev, *CEO, Nucleus Network*

Alex Belcastro, *Senior Vice President, Development and Precincts, Northwest*

Charles Wheeler, *Vice President Site Development, GenesisCare*

INTERNATIONAL INSIGHTS FROM:

Professor Keith McNeil, *Commissioner, Commission on Excellence and Innovation in Health (CEIH)*

Rancho Lee, *Co-Founder & General Partner, Simsan Ventures, Korea*

Dr Diana Siew, *Strategic Partnerships Director, Medtech-iQ Tāmaki Makaurau, University of Auckland and Chair, Medtech-iQ Aotearoa Stewardship Group*

A/Prof Daya Shankar, *Dean, School of Sciences, Woxsen University, India*

PRE-CONFERENCE WORKSHOP | How to identify your precinct's niche

Monday 2 December 2024 | 9:30am – 12:30pm

Location: Gold Coast Health & Knowledge Precinct

Workshop Facilitator: Dr Neil Deacon, *Founder and Managing Director, Health Advance Connect*

Precincts with an identity centered around clear specialisations benefit from a virtuous cycle of growth and success. When we identify our world-class capabilities, we can bring together top talent, attract funding, and further strengthen our niche.

But how do we determine which capabilities will set our precinct apart and lead us to success?

In this half-day workshop, facilitator Neil Deacon will draw on his experience working with clients both internationally and in Australia to guide us through this challenge.

Gold Coast Health and Knowledge Precinct (GCHKP) Discovery Day

Monday 2 Dec 2024 | Engage – Explore – Experience | 1:30pm – 6:30pm

The GCHKP Discovery Day has been designed to provide delegates a first-hand experience, to hear and visit the different aspects of innovation precincts and understand how they work together to deliver greater impact. During the walking tour, delegates will visit some of the GCHKP's major infrastructure and connect with some of Queensland's most prominent leaders from government, health, university, developers, industry and start-ups.

TIME	DETAILS AND REPRESENTATIVES	LOCATION
1:30pm	Delegates Arrive	Cohort Innovation Space
2:00pm	Welcome to the GCHKP Craig Rowsell, <i>Director, GCHKP</i> Lea Diffey, <i>Deputy Director General, Innovation, Department of Environment, Science and Innovation, Queensland Government</i>	
2:20pm	How to maximize land in innovation precincts for greatest economic, social and environmental results Overview of Lumina Commercial Cluster and Smith Collective Leisl Harris, <i>Executive Director, Urban Development, Economic Development Queensland</i> Michael Woodrow, <i>Executive Director, Investment Manager, Real Estate and Private Markets, UBS Group</i>	
2:40pm	How medical innovation is driven by innovation precincts Visit to the Neutex Image Guided Surgical and Robotics Training Centre Kathy Kruger, <i>Manager Investment and Engagement, GCHKP</i> Dr Hal Rice, <i>Director, NeuTex and Gold Coast University Hospital</i> Dr Laetitia De Villiers, <i>Director, NeuTex and Gold Coast University Hospital</i>	Neutex Image Guided Surgical and Robotics Training Centre 
3:10pm	What developers and technology companies look for when investing in innovation precincts Overview of Northwest RDX development and NextDC Data Centre Steve Dolores, <i>Senior Development Manager, Economic Development Queensland</i> Alex Belcastro, <i>Senior Vice President Developments and Precincts, Northwest Healthcare Properties</i> Craig Scroggie, <i>CEO and Managing Director, NextDC</i>	Cnr Nexus Way and Bonner Street, Southport 
3:40pm	How important is talent and facilities in growing innovation precincts Visit to Griffith University's Advanced Design and Prototype Technology Institute Professor Bronwyn Harch, <i>Vice President Industry and External Engagement, Griffith University</i> Dr Dinesh Palipana, <i>Co-lead researcher BioSpine, Griffith University</i> Prof David Lloyd, <i>Griffith University</i> Dr Claudio Pizzolato, <i>Co-Lead Researcher, BioSpine, Griffith University</i> Prof Evelin Tiralongo, <i>Director, Griffith Clinical Trial Unit</i> Stefanie Feih, <i>Griffith University (ADaPT)</i>	Griffith University, ADaPT Facility 
4:20pm	How the health service is working with innovation precincts to drive improved patient care Visit to Gold Coast University Hospital Ron Calvert, <i>CEO, Gold Coast Health</i>	Gold Coast University Hospital 
4:45pm	How Precincts support Entrepreneurship Jeff McAlister, <i>Chief Investment Officer, City of Gold Coast</i> Ben Howe, <i>CEO, CoSpaces</i> Elliot Miller, <i>Founder and CEO, Hearoes</i>	Cohort Innovation Space 
5:30pm	NETWORKING DRINKS Delegates have the chance to network with the GCHKP champions involved in today's site visit and other delegates attending the conference.	
6:30pm	Close	

National Health & Innovation Precincts Summit

DAY ONE: Tuesday 3 December 2024 | Plenary Sessions

8:00 Registration and morning refreshments

8:15 **SPEED NETWORKING BREAKFAST** 

Make more connections in a short space of time. Grab a coffee and move around the room in a format designed to ensure you meet as many people as possible in brief 5 minute meetings.

9:00 **Welcome to Country**

Representative, **Jellurgal Aboriginal Cultural Centre**

9:10 **OPENING | Opening remarks from the Chair**

Frankie Brewer, *General Manager – Health & Life Sciences, Informa Connect*

9:15 **KEYNOTE PANEL | Innovation Ingredients – How precincts drive innovation over the long haul**

- The growth stories of the Gold Coast Health and Knowledge Precinct and BiVACOR
- What are the ingredients that unite Precinct partners for the long haul?
- How do Precincts support long innovation lead times for commercial success?
- How do Precincts bring together research and clinical talent with investment to drive innovation over the long term?

Ron Calvert, *Chief Executive,*

Gold Coast Hospitals and Health Service

Professor Carolyn Evans, *Vice Chancellor and President,*
Griffith University

Jeff McAlister, *Chief Investment Officer,* **City of Gold Coast**

Dr Daniel Timms PhD, *Founder & Chief Technical Officer,* **BiVACOR**

Moderator: Kathy Kruger, *Manager Investment and Engagement,*
Gold Coast Health & Knowledge Precinct

10:00 **KEYNOTE ADDRESS | Generating impact from precincts – learnings from Cambridge, UK**

- The growth story of the Cambridge Innovation District - one of the world's great biomedical campuses
- Getting the construct right and establishing difference
- Achieving alignment between partners
- Expanding the role of the campus – how this was achieved and learnings

Professor Keith McNeil, *Commissioner,*

Commission on Excellence and Innovation in Health (CEIH)

10:30 Networking and refreshment break

11:15 **PANEL | Varying state government approaches to precincts**

- How are different governments approaching precincts?
- The role of government in innovation districts
- The constellation of precincts – creating networks, differentiating and easing navigation
- Structured withdrawals & projects on hold – responding, recalibrating and pivoting
- How do we align national industry policy with state and metro strategy and innovation district strategy?

Lea Diffey, *Deputy Director-General, Innovation,*
Department of Environment, Science and Innovation,
Queensland Government

Diane Dixon, *State Project Lead Lot Fourteen, State Innovation Places Lead,*
Department of the Premier and Cabinet,
Government of South Australia

Hayden Welsh, *Senior Investment Manager – Arden & Parkville Precincts, Strategy and Precincts,*
Department of Transport and Planning – Victorian Government

Moderator: Hadiyah Vahdat, *Managing Director,* **Linéaire Projects,** *Non Executive Director,* **Karitane, Academic, School of Pharmacy, University of Sydney,** *Academic, School of Population Health and Faculty of Medicine and Health,* **UNSW,** *Senior Clinical Pharmacist,* **Royal North Shore Hospital**

12:00 **PANEL | Innovation, translation, commercialisation – How can Australia's precincts do it better?**

- How can precincts play a role in positioning startups for a greater chance of investment and commercial success?
- Attracting VC investment - what are investors looking for?
- How can we commercialise more ideas and make it easier for VCs and Angels to access these ideas and people?
- How can we drive collaboration with other partners in the precinct?
- Learnings from best practice models

Steve Burnell, *Managing Director,* **Tenmile**

Hugh McGonagle, *Chief Operating Officer,* **Proto Axiom**

Prof Scott Bell, *Chief Executive Officer,*
Translational Research Institute

Moderator: Petra Andren, *CEO,* **Sting Advisory**

12:45 Networking Lunch

National Health & Innovation Precincts Summit

DAY ONE: Tuesday 3 December 2024 | **Afternoon Tracks**

TRACK 1

CATALYSING & COMMERCIALISING INNOVATION

- 1:45 INTERNATIONAL CASE STUDY | Medtech-iQ Aotearoa, a constellation MedTech innovation hub model in NZ**
- Medtech-iQ Aotearoa is a national innovation hub designed to boost New Zealand's MedTech sector
 - Creative programs to streamline the process from research to market entry
 - Unique partnerships to integrate indigenous knowledge and perspectives in the development of medical technologies
- Dr Diana Siew, *Strategic Partnerships Director, Medtech-iQ Tāmaki Makaurau, University of Auckland and Chair, Medtech-iQ Aotearoa Stewardship Group*
-
- 2:15 PANEL | Startups, commercialising innovation and bringing entrepreneurship into precincts**
- Incentivizing collaboration
 - The role of the different precinct partners in facilitating connections and commercial pathways
 - Leveraging the value of startups for other partners in the precinct
 - How can universities become more sophisticated in the way they do spinouts
- Prof Antoine van Oijen, *Associate Dean Research for the Faculty of Medicine and Health, University of Sydney*
Ingrid Marsh, *Group Executive- Commercial, Cicada Innovations*
Claudio Pizzolato, *Senior Lecturer | School of Health Sciences and Social Work, Member of Griffith Centre of Biomedical and Rehabilitation Engineering, Griffith University*
Samuel Jesuadian, *Director, BD & Research Partnerships, ARM Hub*
-
- 3:00 Regional Precincts – Creative solutions to drive job creation**
- Driving value back to communities
 - How can regional precincts collaborate better to attract investment?

TRACK 2

COMMERCIAL PERSPECTIVES, PARTNERSHIPS & FINANCING PROJECTS

- 1:45 ECONOMIST INSIGHT | The economic outlook for the health and innovation sector**
- This presentation will provide a high-level overview of relevant economic and construction trends for the health and innovation space.
- Damon Roast, *Construction Economist, WT*
- 1:55 PANEL | Examining the commercial landscape**
- What markets look like
 - Private capital involvement and private investor perspectives
 - Where governments are investing - funded government projects in each state and examining the differences between states
 - What are the emerging trends? - Inflation, interest rates, cost of construction
 - Rent affordability
 - How market forces flow on to precinct anchors and tenants
- Damon Roast, *Construction Economist, WT*
Barry Woollam, *Director, Genus Advisory*
Moderator: Linda Lodge, *National Director, WT*
-
- 2:20 PANEL | Unpacking the life sciences precincts opportunity**
- Responding to market demand
 - Creating ecosystems
 - Learnings from different developments
- Alex Belcastro, *Senior Vice President, Development and Precincts, Northwest*
Nick Smith, *CEO & Co-Founder, Kurraba*
Glenda Colburn, *Industry Development and Tenancy Manager, Translational Research Institute Australia*
Sam Gill, *Head of Life Sciences, ANZ, Unispace*
Moderator: Sam Biggins, *Partner, National Head of Healthcare & Life Sciences, Knight Frank*
-
- 3:00 PANEL | Attracting private sector to precincts**
- Where these companies are seeing greatest success and opportunity
 - What role do these organisations play in precincts and innovation ecosystems in Australia?
 - What attracts private sector to precincts and what would make them more appealing?
 - How do you make decisions about locating in precincts?
 - Plans for the next 2-5 years
- Charles Wheeler, *Vice President Site Development, GenesisCare*
Michelle Williams, *Strategic Partnerships Lead at the Translational Science Hub, Sanofi*
Mark Luhovy, *MD, Digital Health Manager, Australia R&D Lab, Stryker Digital Robotics and Enabling Technologies*
Craig Scroggie, *Chief Executive Officer and Managing Director, NEXTDC*

3:40 Afternoon Tea

National Health & Innovation Precincts Summit

DAY ONE: Tuesday 3 December 2024 | Roundtables

Join the interactive Brainstorming Roundtables for more intimate, interactive discussion and knowledge sharing. At the end of the hour, each table will briefly present a summary of key findings and discussions points to the room at large.

INDUSTRY ROUNDTABLES: 4:10 – 5:10PM

ROUNDTABLE 1

Catalysing collaborative communities and sophisticated partner management

- What does best practice community building look like?
- The value of partnership in achieving more with less and achieving longevity
- What are the solutions, practices and processes to go from a group of people in one place, to an actively collaborative community?

Vanessa Campbell, *Director Innovation Precincts, University of Melbourne*

Mark Luhovy, *MD, Digital Health Manager, Australia R&D Lab, Stryker Digital Robotics and Enabling Technologies*

ROUNDTABLE 2

Attracting investment

- Working out points of distinction and strengths
- Putting together a strong value proposition
- What attracts private sector to invest in precincts?

Ashlie Hartigan, *Associate, Science & Innovation, Wentworth Capital*

Lance Chia, *Director, Investment & Innovation,*

Liverpool Innovation Precinct

Craig Rowsell, *Director, Gold Coast Health and Knowledge Precinct*

ROUNDTABLE 3

Clever models for cultivating innovation, collaboration and attracting VC funding

- Newcastle's Living Lab – a test bed for ideas
- Venture studio model – how to make it successful
- Learnings and next steps

Byron van Vugt, *Investment Manager, Movac, New Zealand*

Maya Smitran, *Director Healthcare Improvement and Innovation, Central Coast LHD*

Prof Antoine van Oijen, *Associate Dean Research for the Faculty of Medicine and Health, University of Sydney*

ROUNDTABLE 4

Real estate valuations and leasing

- What can people afford in the current market?
- What do market rents currently look like?
- How does a developing precinct compete with something that already has existing space
- How do you manage to get the right mix of cost of facilities that people can afford to rent out?

NOT INTO A FULL DAY OF LISTENING?

Break up your afternoon by taking some meetings with experts!

NEW EXPERT CONNECTIONS CORNER

The networking corner provides the opportunity for delegates to come and meet with a range of prospective partners and experts who could be critical in achieving the goals of your precinct or innovation district.

Experts and partners will have designated meeting spots with set time windows during the conference where you can come, have a brief initial meeting and get a better understanding of what they do and where the opportunities for collaboration might lie.

National Health & Innovation Precincts Summit

DAY TWO: Wednesday 4 December 2024 | Plenary Sessions

8:00 Registration and morning refreshments

9:00 OPENING | Opening remarks from the Chair

Hediyeh Vahdat, *Managing Director, Linéaire Projects, Non Executive Director, Karitane, Academic, School of Pharmacy, University of Sydney, Academic, School of Population Health and Faculty of Medicine and Health, UNSW, Senior Clinical Pharmacist, Royal North Shore Hospital*

9:10 KEYNOTE ADDRESS | The Queensland Government's vision for innovation precincts and places

Lea Diffey, *Deputy Director-General, Innovation, Department of Environment, Science and Innovation, Queensland Government*

9:30 PANEL | Talent attraction, retention and cultivating a highly skilled workforce

- What are the most in-demand skills required by industry?
- How are universities and research institutes are gearing up for the disruptive forces which will change the shape of the workforce
- How can public-private partnerships accelerate the growth of talent?
- How can precincts create attractive career pathways and create mobility between academic research into industry/ entrepreneurship?
- How can universities, health districts, private sector, research institutes coordinate to find innovative and collaborative ways of solving workforce challenges?

Julio Ribeiro, *Co-Founder & CEO, Inventia Life Science*

Shannon Willoughby, *Executive Director Strategic Partnerships - Government and Industry, The University of Queensland*

10:15 PANEL | Hospitals & Healthcare in Precincts – How do you generate impact?

- Exploring different hospital experiences, successes and growth plans
- How do hospitals and private healthcare providers draw value from precincts and create impact?
- What are the key roles of hospitals within precincts?
- Future plans and opportunities

Mark Middleton OAM, *Group CEO, Icon Cancer Centre*

11:00 Networking Break & Morning Tea

11:30 INTERNATIONAL KEYNOTE | Korea's startup ecosystem

- Overview of Korea government innovation – R&D-focused innovation cluster in South Korea
- How innovation is cultivated and the importance of diversity in startup ecosystems
- How the government innovation is contributing to national economic growth via intellectual property creation and technology commercialization (with an example of Innopolis)
- Measuring success and future growth opportunities
- Bridging the start-up ecosystems of Korea and Australia

Rancho Lee, *Co-Founder & General Partner, Simsan Ventures, Korea*

11:50 INTERNATIONAL CASE STUDY | Daejeong – Building a convergent innovation ecosystem through the Global Innovation Network, GINI

- Vision and strategy of the Daejeon Institute of Science and Technology for Enterprise and People
- Regional innovation planning
- Building a convergent innovation ecosystem
- Boosting effectiveness of investment

Taeri Kim, *Senior Researcher, Science Cooperation Department, Daejeon Institute of Science & Technology for Enterprise & People (DiSTEP), Daejeon, South Korea*

12:15 FIRESIDE CHAT | Realising the potential of Australia's sovereign manufacturing capabilities

- The current landscape in Australia
- Key areas of investment opportunity in medical science
- Building out existing advantages, capabilities and expertise
- Where to from here?

12:45 Networking lunch

National Health & Innovation Precincts Summit

DAY TWO: Wednesday 4 December 2024 | Afternoon Tracks

TRACK 1

CLINICAL TRIALS CAPABILITIES, LEANING INTO SPECIALIZATION & EFFECTIVE PARTNERSHIPS

Track Chair:

1:45 CASE STUDY | Lot Fourteen

- How this innovation district is responding to the skills/talent required
- Leaning into niche capabilities to attract the right partners
- Exploring the skills to attract partners
- Working hand in hand with companies

Diane Dixon, *State Project Lead Lot Fourteen, State Innovation Places Lead, Department of the Premier and Cabinet, Government of South Australia*

2:10 PANEL | Strengthening capabilities in clinical trials & enhancing Australia's competitive strength

- Where are the areas of greatest opportunity, and competitive strength for Australia?
- How are the demands for trials growing and changing?
- What are the key challenges facing trial sites and sponsors in Australia?
- How can we grow capacity and capabilities to meet demand?
- Innovative approaches to clinical trials

Teena Pisarev, *CEO, Nucleus Network*
Prof Evelin Tiralongo, *Director Clinical Trial Unit, Griffith University*

2:50 PANEL | Convergent technologies - leveraging the opportunity in precincts

- What are the disruptive technologies presenting greatest opportunity?
- Bridging the Gap: How AI is Connecting Diverse Medical Technologies
- How do we create a convergent innovation ecosystem?
- Learnings from where it has been done well

A/Prof Daya Shankar, *Dean, School of Sciences, Woxsen University, India*
Tamanna Monem, *Head of Growth & Partnerships, QIMR Berghofer Medical Research Institute*

3:15 Networking Break & Afternoon Tea

TRACK 2

PLACEMAKING, MIXED USE PRECINCTS AND PPPs

Track Chair: Hedyeh Vahdat, *Managing Director, Linéaire Projects*

1:45 PANEL | Creating a sticky campus in a health precinct - retail and partner strategies for better outcomes

- Creating a retail strategy under the health infrastructure framework
- How can the core principles of retail and mixed use property be applied to deliver improved outcomes on Health and Education Projects?
- How do retailers make decisions about locating in precincts?
- Catalyzing a range of land uses and economic activity to improve worker, patient & community wellbeing

Sam Shepherd, *Founder & Director, BellRinger*
Tara Veldman, *Managing Director, Billard Leece Partnership*
Tim Hoffmann, *Director Redevelopment, Sydney Children's Hospitals Network*

2:15 PANEL | Effective placemaking & precinct sustainability

- Getting the right balance of people, place and purpose to create thriving community
- Building sustainability benefits into precinct plans
- Developing the night-time economy of a precinct
- Data driven decision making to inform a holistic informed vision and plan for the precinct

Ben Rowe, *Project Director, Riverlee*

2:45 PANEL | Unpacking an effective PPP model - Playford Health & Wellbeing Precinct

- What does the model look like?
- Who are the stakeholders and why does it work for each of them?
- Building effective precinct partnerships

Mick O'Driscoll, *Head of Infrastructure Development, Calvary*
Georgie Huxley, *Vice-President, Leasing, NorthWest*

3:15 Networking Break & Afternoon Tea

Join the interactive Brainstorming Roundtables for more intimate, interactive discussion and knowledge sharing. At the end of the hour, each table will briefly present a summary of key findings and discussions points to the room at large.

ROUNDTABLES: 3:40 - 4:30PM

ROUNDTABLE 1

The constellation of precincts - creating networks, differentiating and easing navigation for partners

Hayden Welsh, *Senior Investment Manager - Arden & Parkville Precincts, Strategy and Precincts, Department of Transport and Planning - Victorian Government*

Professor Trent Munro, *Senior Group Leader Australian Institute for Bioengineering and Nanotechnology, The University of Queensland*

Shona Blair, *Precinct Director,*

St Vincent's Sydney Health Innovation Precinct

ROUNDTABLE 3

The role of the hospital in supporting startups and furthering innovation

Lance Chia, *Director, Investment & Innovation, Liverpool Innovation Precinct*

ROUNDTABLE 2

Research translation, commercialisation & investing in collaboration

Samuel Jesuadian, *Director, BD & Research Partnerships, ARM Hub*

Dr Jason Wang, *Site Head, Resolian Bioanalytics Brisbane*

ROUNDTABLE 4

Placemaking & driving engagement in precincts

4:30 Closing remarks from Chair & conference concludes

National Health & Innovation Precincts Summit

NETWORKING ACTIVITIES AND ADDITIONAL EVENT FEATURES

GOLD COAST HEALTH & KNOWLEDGE PRECINCT DISCOVERY DAY

Monday 2nd December

Where: Gold Coast Health & Knowledge Precinct

The GCHKP Discovery Day will provide delegates a first-hand experience to understand the different aspects of innovation precincts and how they come together to deliver greater impact. During the walking tour, delegates will visit some of the GCHKP's major infrastructure and connect with some of Queensland's most prominent leaders from the government, health, university, development, industry and start-ups sectors.

WELCOME RECEPTION

Monday 2nd December

Where: Cohort Innovation Space, 16 Nexus Way Southport

Join your industry colleagues for a drink and a chat before the hustle and bustle of the main conference begins the next day.

SPEED NETWORKING BREAKFAST

Tuesday 3rd December | 8am – 8:45am

Make more connections in a short space of time. Grab a coffee and a croissant and move around the room in a format designed to ensure you meet as many people as possible in brief 5 minute meetings.

EXPERT CONNECTIONS CORNER

Tuesday 3rd December | 3:30pm – 5pm

Precincts and innovation districts take a multitude of partners and experts to be brought to life and made successful. The networking corner provides the opportunity for delegates to come and meet with a range of prospective partners and experts who could be critical in achieving the goals of your precinct or innovation district. Experts and partners will have designated meeting spots with set time windows during the conference where you can come, have a brief initial meeting and get a better understanding of what they do and where the opportunities for collaboration might lie.

NETWORKING DINNER

Tuesday 3rd December | 7pm – 9pm

Where: The Penthouse Ocean View Room & Terrace, The Island Gold Coast

The networking dinner is a highlight every year and always a great opportunity to continue discussions of the day and meet new people in this relaxed, beautiful venue offering stunning views of Surfers Paradise Beach, the CBD, and the hinterland.

CONFERENCE NETWORKING DRINKS

Tuesday 3rd December | 5:30pm – 7pm

The official networking drinks will take place at the end of day one, providing an ideal opportunity for delegates, sponsors and speakers to network and discuss the day's learnings over drinks.
